

PRICELIST

FUN SESSION

€45/h

Music recording to be taken home on a branded USB drive. Session includes access to a music library with use of a royalty-free base.

DJ FUN SESSION

€45/h

Introduction to DJing with 30 minutes of instruction followed by 30 minutes of fun playing time with our Studio Manager, DJ Buba.

VOICE COACHING

€45/45min

Our professional teacher will give you tools to listen to your own voice, analyse your sound, and make adjustments that will take your singing to a new level.

MUSIC PRODUCTION

€340/per track

Up to 8 hours of professional use of the music studio and its recording and mixing equipment. Afterwards, the Studio Producer will provide post-production finishing and touching up, with product to be delivered on a branded USB drive.

DJ MASTERCLASS

€250/per chapter

DJ Masterclass Certificate

*Full Package €1250.**

Extended class on DJing including more advanced topics. Total time with Brand Ambassador, DJ Nigel, is 4 hours per chapter. Completed product will be available to take home afterwards on a USB drive. Students completing all four chapters (package booking) will receive the official DJ Certificate.

VIDEO MASTERCLASS

€500

A 6-hour full-day session on video creation and editing, including storyboard creation, editing, colouring, music and post-production, tutored by an international award-winning production team.

MUSIC RELEASE SERVICE

€200

Publication of songs on multiple platforms and stores, including iTunes, Spotify and Amazon, after approval of publishing, lyrics and production rights.

GRAPHIC ART

€200

Digital artwork for album covers, singles or other music releases. The quoted price is for a set offering only. Tailor-made work is available on request, with pricing determined in consultation with AudioPort Soundlab Management.

NON-STANDARDISED PRICING

In addition to the standard offerings listed above, the studio offers tailor-made products and services, with customised pricing. These packages may include various services, such as studio time, video shooting, ghost production, remixes, remote productions, jingles for advertising or the client's own product releases.

MY GOLDEN PROJECT

The cornerstone offering of AudioPort, My Golden Project (MGP) gives creative individuals the opportunity to use all of AudioPort's facilities, tools and expertise to fulfil their long-desired dream or vision for a project. This could be a personal recording of a cover version of a specific track, performance and recording of a brand-new, self-written track, or composition and mixing of your personal anthem or corporate theme tune. These projects are large and entirely customised, bringing in a variety of services, facility time, and other support as may be required.
